## Introduction

It is a great pleasure to be presenting the first Ideal Village Directory for Washington, DC since 1990, with over 600 names. At the start of this project, we were not sure if there would even be 6 of us "brave souls" left in DC to list

Great thanks go to our advertisers who, especially at the start, had the faith and devotion to make this project possible. We have stood on the shoulders of Shirley Bonchef, Bill Cates and Sandi Chamberlin. Thanks go to Linda Parmet, Lee Kramer, and Cherie Sampson for their help making the phone calls.

Thanks also go to Allen Reminick, Gail Herson, Elizabeth Rice Arnold, Nancy Musgrave and Cynthia Johnson for providing the very latest information about the new Maharishi Ayur-Ved and Vedic Universities. Thanks go to MIU Press for permission to use the cover design, and to Jim Collins for his design sense.

I have enjoyed this opportunity to get to know people in the community better through this project. Please accept my apologies if you have been misspelled, misplaced, or left out. Please call in any changes to 301-507-9898.

It was interesting to find that most of the people (about 400) in the last issue were still here, with about 200 new names. 70% of the names are from Maryland, 16% are from Washington DC, and 14% from Virginia. We ask that personal phone numbers not be used for marketing, but for movement and social purposes.

Our numbers may rise and fall, but Washington DC is still the most important city in the world. If we can bring peace to DC, the "head" of the world, peace in the rest of the world will follow. May this directory help us keep in contact with each other, as a practical symbol of our unity. Jai Guru Dev.

## **Maharishi Vedic University - University of Consciousness**

Maharishi inaugurated Maharishi Vedic Universities and Schools in 50 states simultaneously through a satellite broadcast on the Full Moon Day, July 3, 1993. The Washington, DC metropolitan area is fortunate to have both Maharishi Vedic University of Maryland in Bethesda to provide the knowledge of enlightenment to the citizens of Maryland, and Maharishi Vedic University of Virginia in Fairfax to serve the citizens of Virginia. Washingtonians will have a Washington, DC branch of Maharishi Vedic University of Maryland.

Maharishi Vedic University, the university of consciousness, has been structured for everyone to gain that complete knowledge which enlivens the infinite organizing power of one's own consciousness, to enjoy the fruit of all knowledge, enlightenment. Maharishi Vedic University offers courses of profound knowledge to enable the student to gain mastery over Natural Law. This knowledge makes it possible for everyone to spontaneously enjoy a happy and successful daily life free from mistakes and problems. This is the dawn of a new era in education.

The unique programs of Maharishi Vedic University offer higher education for higher consciousness for those with bachelor's or masters degrees. Additionally, full programs for high school graduates are offered, qualifying them for new and interesting lives necessary to create and maintain an enlightened society. Short courses on total knowledge for intelligent drop-outs from high school and college enable these students to utilize their unlimited creative potential.

Courses in Transcendental Meditation, the TM-Sidhi Program, the Science of Creative Intelligence and Maharishi Jyotish are offered now by Maharishi Vedic University. The Transcendental Meditation Teacher Training Courses will be held locally as well. Beautiful new courses on all of Maharishi's 27 aspects of the Ved will bring Maharishi's supreme knowledge to the area. Call Maharishi Vedic University now to enroll for courses.

## **Maharishi Ayur-Ved University - University of Natural Medicine**

Maharishi inaugurated Maharishi Ayur-Ved University, the university of natural medicine, to solve the health care crisis in America. The goal of Maharishi Ayur-Ved University is to bring perfect health to everyone and create a disease-free society through prevention-oriented health courses.

Unique professional training programs for learning and earning through teaching in the field in alternate semesters are offered for those with Bachelor's and Master's degrees. Dynamic programs for high school graduates including preventive medicine are offered, as well. We are pleased to offer special short courses on Perfect Health for the whole population.

College preparatory courses for high school students offer visions of complete knowledge to tap the infinite creative potential of one's own consciousness. Courses on Perfect Health are available for those in primary and secondary schools.

Corporate training is available for all companies to reduce and eventually eliminate their health care costs by sending their health care personnel to be trained in prevention-based health care. Maharishi says everyone must have this simple, practical knowledge to gain perfect health. We invite you to enroll for courses now.

### Transcendental Meditation Center

The Transcendental Meditation Center is now that part of Maharishi Vedic University that offers free introductory lectures, courses in the TM and TM Sidhis Programs, free checking and advanced, extensive and on-going knowledge programs for Meditators. For deeper experience, there are monthly residence courses for mediators and regularly scheduled World Peace Assemblies for Sidhas. The TM Center sponsors special events for both Meditators and Sidhas.

### On-going programs are as follows:

- Introductory lectures: Every Wednesday at noon and 8:00 p.m. and every Sunday at 12:00 noon. In addition, introductory lectures are held by appointment at businesses, community groups, and in private homes. Call the center to schedule one for your group or company.
- Preparatory Lectures: Every Thursday at noon and 8:00 p.m. and every Sunday at 1:00 p.m.
- Advanced Meetings: Lectures every Friday at 7:30 pm.
- Regular, free monthly refresher courses are offered to provide meditators a chance to ask questions about their experiences and review the mechanics of the practice. These are always well-attended.
- Personal checking is available by appointment.
- Seasonal celebrations are held at the change of the season featuring awards ceremonies for prominent members of society and entertainment.

### Weekend courses

For Meditators, in residence courses are offered monthly at a location that is suitable for greater rest and deeper experiences of meditation and knowledge.

For Sidhas, special commuter World Peace Assemblies are offered for deeper rest and knowledge (including the latest tapes from Maharishi). Call the TM Center to apply.

Special courses such as: the Center Invincibility Course to learn the TM-Sidhis program, the Science of Creative Intelligence Course, and Phase II of Teacher Training will now be offered by Maharishi Vedic University.

The Capital publishes a newsletter with information about TM programs and upcoming events. To update our mailings list so you receive the newsletter and other announcements, for more information, or to offer your assistance with our many programs, write or call the Capital at 301-652-7002.

## Maharishi Ayur-Ved Medical Center

### AGELESS WISDOM IN A MODERN MEDICAL SETTING

Ayur-Veda is the oldest of all systems of health care, originating in the ancient Vedic civilization of India. It draws on a vast wealth of natural treatments and therapies, found effective through thousands of years of extensive practice.

Ayur-Veda means the "science of life." In recent years, Maharishi Mahesh Yogi, founder of the Transcendental Meditation program, has worked closely with leading Ayurvedic physicians and scholars to restore Ayur-Veda to its complete value. This profound approach to natural health care is Maharishi Ayur-Ved.

### A SCIENTIFIC, TIME-TESTED SYSTEM OF NATURAL MEDICINE

Maharishi Ayur-Ved Medical Centers are supervised by physicians who have extensive training in Maharishi Ayur-Ved. Ayurvedic treatment approaches aim at removing the underlying cause of disease to promote ideal health.

Maharishi Ayur-Ved treatments are gentle and nourishing, without harmful side effects. Ayurvedic medicine enlivens the healing response of the body, balancing the deepest, most fundamental levels of biological functioning. Vitality, strength, and well-being are the result. Programs which are offered:

- Treat specific health disorders, such as hypertension, fatigue, headaches, backaches, PMS, overweight, insomnia, and other chronic disorders
- Prevent disease through recommendations for diet, exercise, and lifestyle, raising immune functioning to its optimal level
- Promote health with procedures that cleanse the body of impurities, producing a revitalizing effect.

## Citizens for a Crime Free DC

The goal of Citizens for a Crime Free DC is to promote a group of experts who practice the TM and TM-Sidhis program together to produce a very powerful influence of harmony and orderliness that gets at the root cause of crime, which is stress. In the District of Columbia, collective stress breaks out in the form of crime, and TM neutralizes stress.

The Committee is composed of outstanding, dedicated Governors of the Age of Enlightenment from around the country. These dedicated crime-busters have selflessly taken leave for months on end from jobs and family to devote their energies to help rid DC of Crime.

The members of Citizens for a Crime Free DC have been very active and systematic in contacting government and business officials and making them aware of the scientific research studies indicating the positive effect of building a group of experts who practice the TM and TM-Sidhis program.

They have boldly stated these findings in public meetings before Mayor Sharon Pratt Kelley, been interviewed for numerous newspaper articles, and have appeared on local radio and TV shows. They have made in-roads with important contacts and brought media coverage to the Maharishi Effect as never before.

The Steering Committee of Citizens for a Crime Free DC is an organization supported through donations by citizens who are tired of the existence of crime. For more information or to offer your support, call 202-882-6895.

## Maharishi School of the Age of Enlightenment

The Maharishi School of the Age of Enlightenment is a private school approved by the State of Maryland (preschool and elementary) offering Maharishi's Vedic Science Based Education. We offer a rigorous, developmentally appropriate curriculum of mathematics, science, language arts, social studies, art, music, physical education and computer instruction, plus a regular program of enriching field trips to Washington's cultural institutions.

What makes our school unique is the addition of the Science of Creative Intelligence (SCI) which brings out the interconnectedness of all subjects. SCI identifies universal principles found in nature, in the lives of great people, and in the lives of our students.

Each school day students participate in the experiential aspect of SCI, the Transcendental Meditation (TM) technique. They directly experience the unified field of all the laws of nature in their awareness. This prepares the students to pursue their studies with greater mental clarity, confidence, and enhanced self-esteem. The nourishing atmosphere created by meditating students and faculty motivates students to take on greater challenges and builds better behavior and interpersonal relationships.

Each morning, for twenty minutes, students study the theoretical aspect of SCI, gaining insight into how nature works. Seeing these universal principles at work in their everyday experience, students naturally begin to recognize natural law in other subjects and in everything they do. This insight helps students grasp deep concepts that are usually presented much later.

## "Education for Enlightenment"

### Elementary (Grades 1-6)

Daily classes from 9:15 am to 3:30 PM. Students meditate twice a day in class as part of their daily routine. Curriculum includes: SCI, Language Arts, Mathematics, Science, Social Studies, Physical Education, Music, and Art.

### Preschool For Parents & Children Alike

Our curriculum is structured around the five senses, the four seasons and the five elements. It includes developmentally appropriate activities including arts & crafts, music, cooking, nature, building and pretend play. Our priorities are developed social skills, self-esteem and to have fun!

- Our Environmental Education Program (Preschool II & Kindergarten) exposes children to the local geography and culture in the context of their classroom curriculum.
- One of the unique aspects of our Early Childhood Program is the opportunity for parents to explore child development and parenting topics within the context of SCI.
- We warmly invite you to come and visit these wonderful children during their learning experience at Maharishi School. (This is truly Heaven on Earth for all to see and enjoy.) For more information, call (301) 949-8350.

## Chamber of Prosperity and Progress

The Washington, DC chapter of the Chamber of Prosperity and Progress serves several functions:

- To assist in the development of a permanent group of over 7,000 Sidhas flying together in our nation's capital.
- Provide information on jobs, housing, cultural events, education and activities to promote greater understanding and experience of Maharishi's knowledge.
- Organize events and meetings for both Chamber members and non-members for Meditators and Sidhas to enjoy being and meeting together and experiencing greater progress and joy in their daily business activity.

This directory of local Sidhas and meditators is one result of the efforts of the Chamber to achieve these goals. In addition, we have established several committees, such as housing and job search, to make it easier for you to relocate.

The Chamber acts as a center for information to enable available resources to be matched with those who are seeking them. Anyone interested in volunteering or receiving help should contact the Chamber. For more information:

## Life in the Nation's Capital: Moving Toward Heaven on Earth

Washington, DC is one of the most culturally and environmentally diverse cities in the world. Now with the inauguration of Maharishi Ayur-Ved University and Maharishi Vedic University, the Sidhas, Governors, and Meditators of the Washington, DC area are in a position to enjoy the total integrated package of knowledge of all of Maharishi's programs in the setting of the dynamism of the nation's capital. This creates a direct linking of national law with Natural Law, both at their highest level.

Maharishi Vedic and Ayur-Ved Universities create one complete structure of knowledge, unifying and expanding the already extensive programs of Maharishi. Additionally, Maharishi Ayur-Ved Medical Center offers the latest programs for perfect health. The Maharishi School of the Age of Enlightenment, provides Meditators' children with ideal education.

The Washington, DC metropolitan area is the second largest community of TM-Sidhas in the US, providing depth of experience in group Super Radiance Program. This platform of inner experience plus the full range of other programs of Maharishi Vedic Science make Washington, DC a complete blend of silence and dynamism. Our presence here supports the whole nation and the whole world consciousness directly.

Washington Meditators and Sidhas have available innumerable opportunities for education, cultural enrichment and entertainment, while pursuing professional advancement in one of the most economically rich, diverse cities anywhere.

George Washington selected the site in 1790 for the seat of US government. It was one of the first "planned cities" in the world, designed by Pierre L'Enfant. With the federal government employing one out of five workers in metropolitan Washington, the job market remains stable and largely recession-proof, with about 20,000 jobs available at any time.

- Washington, DC ranks fourth in US median household income at \$54,156 per year (after Danbury CT, Nassau-Suffolk NY, and Middlesex NJ.)
- Washington, DC is the home of ambassadors and embassies, professional and trade associations, and many Fortune 500 corporations
- Washington, DC is a major tourist center with many beautiful monuments. The Kennedy Center is the home of the National Symphony Orchestra.
- Buildings may not be taller than about 12 floors, to keep a clear view to the US Capitol. This also helps keep the air clear.
- There is a greater percentage of green park land per square foot in DC than in any major city in the US.
